Pledge
"I will in my life, to the best of my ability through my talents in art, help to create a more beautiful world for myself, for humankind and for all living things."

Taylor Cromer

Creativity has always been extremely important to me. Though I do love sciences and direct processes, I think that finding a place to be creative is completely necessary. My life is filled with opportunities to be creative in many different ways and I love it. I am a dancer and a singer and an artist. I love creating sculptures. I think that working in 3-d gives me just that one extra step to develop a message. A lot of my art revolves around using colors and pieces found in nature. I love butterflies. I love to use real butterfly wings and other taxidermy in my pieces. I create everything myself and obviously get my animals and insects sourced humanely. I have always had a fascination with dead things and how we can still use every but to create something again. I believe that the cycle of life and death continues with my art and I love using real pieces to spark wonder. In the future, I would like to go to school to become a licensed taxidermist and work with natural history to educate the public. I want people to see my art as art instead of being freaked out by something that is dead because it is still beautiful. I encourage everyone to use more unexpected mediums and using all of what you see around you because all of nature is beautiful.

Paint That Curb!! **Olivia Cantalupo**, Treasurer and **Caitlyn Coates**, Scholarship

Thank you for making Youth Art Month so awesome! Our pancake art social was a lot of fun, as was creating the YAM banner!!
✓ Paint-the-Curb is May 2nd - start spreading the word to classmates, teachers, the community, etc. We will need at least 40 painters/support of this event to reach our goal for the scholarship committee. We need your help to promote this awesome and fun event for this committee.

Did you receive your YAM gift?

Summer Art Camp July 15th -19th

Iyanna Jackson, Vice President **Hannah Derry**, Education

Do you enjoy sharing your passion for art? Do you enjoy working with people and children? Becoming an art teacher might be right for you. As Education chair, you work behind the scenes to create a successful event, like teachers make lesson plans. You execute these plans at Paint/Pottery Days and interact with all ages, helping them with their craft. At our Art Camp, your main focus is to educate and create a fun-filled environment for the kids. This event is truly the closest feel of what a teacher has to go through on a daily basis.

Bella Lang, Secretary **Sabrina Ali**, Membership Chair

MARK the dates on your calendar now.

ATTENTION: Check the hours you have signed up for, you MUST have 1 fundraiser, 1 art fair, 1 art fair setup/teardown, and 2 miscellaneous events AND THERE ARE SPOTS OPEN NOW!
